B. Background Information about Wellcare Meridian Dual Align (HMO D-SNP)'s Network Providers

B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, drugs, equipment, and other services.
 - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
 - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care** Provider (PCP) is a physician, nurse practitioner, or a specialist who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** or **prior authorization** for a specialist or someone that isn't your PCP. A **referral** means that your network PCP or your Care Team must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **Wellcare Meridian Dual Align (HMO D-SNP)** (not your network PCP or Care Team must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, Wellcare Meridian Dual Align (HMO D-SNP) may not cover the service, item or drug.
 - Referrals or prior authorization **aren't** needed for:
 - emergency care;
 - urgently needed care;
 - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area;

 **If you have questions**, please call Wellcare Meridian Dual Align (HMO D-SNP) at **1-844-536-2168** (TTY: **711**). Between October 1 and March 31, representatives are available Sunday - Saturday, 8 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday - Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit go.wellcare.com/MeridianMI.

- services from a women's health specialist;
- flu shots, hepatitis B vaccinations, and pneumonia vaccinations as long as you get them from a network provider;
- visits to the podiatrist, chiropractor and dermatologist;
- optometrist (for routine vision exams); **or**
- dental (for routine preventive exams)

- o Additionally, if you're eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they're out of our plan's network.
- o More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook*.

- You'll also be assigned a care team and care coordinator that you choose. Your care team may include yourself, your family members, your legal representative (if you have one), family caregivers, natural supports, primary care providers, specialty providers, personal care providers, nursing facility representatives, hospital discharge planners, your care coordinator, your long term services and supports (LTSS) coordinator and other health professionals who are there to help you get the care you need. Everyone on the care team and coordinator works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team and care coordinator may include:
 - o A **Care Coordinator** that helps you manage your medical providers and services. For example, your Care Coordinator will help you:
 - Make a plan of care to meet your healthcare goals,
 - Connect with aid and support in your community,
 - Take control of your health issues,
 - Know your health plan benefits with Wellcare Meridian Dual Align (HMO D-SNP), and
 - Talk about any questions or concerns you have.
 - o Your **Primary Care** provider

A **prior authorization** is an approval from Wellcare Meridian Dual Align (HMO D-SNP) to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if Wellcare Meridian Dual Align (HMO D-SNP) gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. If you change your PCP on or before the 10th of the month, you will be able to start seeing your new PCP immediately. If you change your PCP after the 10th of the month, you can begin seeing your new PCP on the 1st of the following month. For some providers, you may need a referral from your PCP.
